

Our BBQ Mission

Here at [The BBQ SHACK](#), we love what we do. While we are known to have our fun, we take our food serious. Over the years we have grown to where 95 percent of the food we serve is home-made. We like to call it "Hand-crafted BBQ"! Food preparation is an extensive process each and every day and we strive to provide great tasting food and do it consistently. BBQ is our main focus. But with our cooks and management having over 50 years combined experience in the food industry, it allows us to provide various additions to compliment our BBQ menu items. Some of those items include country fried steaks, chicken tenders, hamburgers, fried pickles, and Reuben sandwiches, all of them hand-cut, hand-breaded, hand-crafted, fresh-ground; not purchased already prepared. Those items, coupled with our BBQ staples such as Pork Spare Ribs, Beef Burnt Ends, Shredded Pork Shoulder, and some of the best Chicken Wings you will ever eat enable us to offer an excellent variety in food choice. We look forward to serving you soon!
